

Art.Nr.160 1814 3

A technical line drawing of a rectangular metal plate mounted on a wall with a cracked, stone-like texture. The plate features two large circular openings, one on the left and one on the right, each with a smaller concentric circle inside. The plate is secured by eight screws: four along the top edge and four along the bottom edge. A central vertical slot is located between the two circular openings. A horizontal pipe or rod passes through the right circular opening, and a vertical pipe or rod passes through the bottom of the plate, both secured with nuts and washers.

Technical drawing of the 1000 Series Hydraulic Cylinder showing front and side views with dimensions.

Front View Dimensions:

- Total width: 229
- Two mounting flange widths: 75×55
- Distance between mounting flanges: 125
- Stroke length: 100
- Port size: $G\frac{1}{2}"$

Side View Dimensions:

- Mounting flange width: 64~89
- Distance from flange to rod end: 35~60
- Flange thickness: 54
- Flange width: 8
- Stroke length: 86
- Port size: $G\frac{1}{2}"$
- Distance from flange to rod end: 205
